## The Green Card Conundrum Immigration, Asylum, Citizenship and Florida Exemption Law

**Don't miss this!** FCIAAO is thrilled to announce that we were actually able to secure 3 speakers that specialize in immigration issues, something that every Exemption/Customer Service office in the State is struggling with.

The all star line up will start off with Daniel Cavanaugh, Senior Adjudication Officer with the United States Citizenship and Immigration Service (USCIS). Daniel has agreed to come and give us a lesson on current policies and requirements since 9/11 and field our many questions.

Next on our expert immigration panel will be Shawn Mesa, with Shawn Mesa Immigration Law Firm out of Tampa, Florida. He will be able to discuss the many different scenarios that his clients are facing with all the current law changes.

Finally, Christina LaBlanc, Senior Assistant Pinellas County Attorney for Pinellas County, who represents the Pinellas County Property Appraiser's Office in numerous issues including but not limited to immigration.

Your Exemption Steering Committee has worked to compile several "must know" questions to present to them during the all day session. Remember they will be here all day to field our numerous other questions or scenarios.

**This is one seminar you cannot afford to miss!**
